About the Journal

ASEAN Journal of Community Engagement is a biannual refereed journal concerned with the practice and processes of community engagement. It provides a forum for academics, practitioners and community representatives to explore issues and reflect on practices relating to the full range of engaged activity. This journal is a peer-reviewed online journal dedicated to the publication of high quality research focused on research, implementation, of policy about community engagement.

ASEAN Journal of Community Engagement provides an opportunity to share detailed insights from different understandings and practices associated with community services. It provides an international forum for cross-disciplinary exchange of insights and ideas regarding community engagement for dissemination. ASEAN Journal of Community Engagement will published your work to international society of practitioners and researchers with interest in community engagement ... [Read more »](#)

ABOUT OUR JOURNAL

ASEAN Journal of Community Engagement is published by Universitas Indonesia which is cooperated with ASEAN University Network and University Kebangsaan Malaysia. This journal provides an opportunity to share detailed insights from different understandings and practices associated with community services. It provides an international forum for cross-disciplinary exchange of insights and ideas regarding community engagement for dissemination.

ASEAN Journal of Community Engagement will published your work to international society of practitioners and researchers with interest in community engagement from a wide variety of sectors. Community Engagement means community development, community services, community empowerment, community outreach, and action research.
